TURN THE *WATERHORSE* DREAM INTO A REALITY AT LOCH NESS LODGE

Loch Ness is the setting for another monster tale at UK cinemas this school half term. Already a hit in the US when it reached the top 10 over the festive period, *The Water Horse: Legend of the Deep* is now set to capture families' imaginations as the Scottish legend is once again brought to the large screen.

And for those who are inspired by the film to visit the famous loch for a bit of real life monster spotting, the newly opened [Loch Ness Lodge](#) provides the ideal accommodation location situated directly overlooking the mysterious waters of the iconic loch.

Just 15 minutes from the city of Inverness, Loch Ness Lodge is one of Scotland's newest and most unique luxury retreats with seven individually styled en suite bedrooms, welcoming public rooms, a menu featuring fresh local produce and a spa and therapy suite.

The Lodge combines technology with traditional luxury facilities to provide guests with a five star 'home from home' experience and exceptional Scottish hospitality. It is the perfect base for taking to the mysterious deep waters of Loch Ness by boat and is on the doorstep of many outdoor activities on offer in the area, from walking or golf on a nearby championship course to kayaking and mountain biking.

Overnight retreat prices from £170 per room based on double occupancy per night, including full Highland breakfast, complimentary flowers, fruit and a surprise decanter.

Contact Loch Ness Lodge on 01456 459469 or visit www.lodgeatlochness.co.uk.
