

Sea Kayaking Courses

Sea Kayaking Courses on the West Coast of Scotland
 Arguably one of the finest Sea Kayaking venues in the world

National Kayak School Courses are designed to help you develop as a Sea Kayaker. They vary to suit the participants and the prevailing conditions.

We also run Tours and Holidays, which are more about seeing the area and less about developing people as Sea Kayakers.

Inevitably the courses overlap one another. To find out when they run check the website course dates or email us.

NB. On the website AOA means all the options below may be available.

Intro day	1 day	} INTRO WEEK
Learn to Sea Kayak	2 day	
Learn to Sea Kayak Better	2 day	

More work on Navigation, Trip Planning and Rescue +	} IMPROVER WEEK
Tide, Wind and Waves - 2 or 3 days You have some experience in easy conditions but would like to know how to cope in tide races and stronger winds and bigger waves	

You can cope in Force 3 and would like to develop your ability in those and Force 4 conditions and stronger tides	} INTERMEDIATE COURSE 1 to 6 days
---	--

Most of the longer courses and some of the shorter ones include some nights out camping. Let us know if you want more, less or none.

Our destinations

Oban has been carefully chosen because of its superb location for sea kayaking and because it's easy to get to. The trains from London and Glasgow terminate on the pier in Oban, from where an hour's paddle can take you to a deserted beach on the west coast of Kerrera. A great place to watch the sunset over the Atlantic Ocean. Travel south from Oban and you pass under the "Bridge over the Atlantic" and to the islands of Luing, Shuna, Seil, Easdale, Scarba, Jura and the Garvellachs.

We do have an intimate working knowledge of many venues all over Scotland and are able to be flexible in our choice of venues to give you the best experience to take advantage of the ever-changing weather conditions around Scotland.

We would love to organise courses in areas of your choice and to meet demand we expect to be running courses near Aberdeen and further north including the Summer Isles.

Some courses will have an expedition involving camping for one or more nights. Guests usually use their own camping equipment but we have some especially for those who have travelled by plane. We do provide dry bags for all your equipment.

Accommodation

We have tried to compile a list of B&Bs, hotels, and etc. that have been recommended by previous clients. The Oban area especially has a large amount and a wide variety.
